## Adding clinical information to an admission record

First create an admission for a patient (see Help-sheet 11). From the Patient Admission Information screen, choose the groups of clinical information from the menu choices on the left.

### Past history

See Help-sheet 05.

### Allergies

See Help-sheet 05.

### Present history / anamnesis

In preparation

### Examination

See Help-sheet 05.

**Commands**

- « Patient overview
- Add history
- Add allergy
- Examination
- Diagnosis
- Procedures
- Notes
- Ward transfer
- Discharge
- Prints
- BHT
- Patient history
- Print patient slip
- Print patient card

The commands in the left menu are now greyed out as it is not permitted to change the details of an admission once the patient has been discharged. An exception to this is that Remarks can be added into the various clinical sections.
